Value to Members?

- ▶ eNav should address 'user needs' – most NI members will be eNav users.
- ▶ NI is pleased to work collaboratively
- ▶ Many user needs are now being addressed; resiliency, standardisation, ergonomics, streamline reporting...
- ▶ Human Centred Design
- ▶ Continual improvement into future design

NI Assisting

- ▶ New approach to ship/shore co-operation
- ▶ Help translate user needs to design requirements
- ▶ Inform and educate all users
- ▶ Encourage user input into HCD
- ▶ Monitor use
- ▶ Provide ongoing feedback

Support of The Nautical Institute
through membership and
participation is very much
appreciated!
